

FOR IMMEDIATE RELEASE

Boston Realty Advisors brings 434 Massachusetts Avenue in Boston's Back Bay to 100 Percent Occupancy

BOSTON, MA (September 10, 2012) – Castaway Clothing has signed a multi-year Lease for 2,740 SF and Geneva Labs has signed a multi-year lease for 2,127 SF at 434 Massachusetts Avenue in Boston, MA

Boston Realty Advisors Managing Principal and Partner, William H. Catlin, Jr., represented the Tenants, Castaway Clothing and Geneva Labs, as well as the landlord, Mount Vernon Company.

Castaway Clothing

Castaway is as exceptional as it is classic, as imaginative as it is familiar. We craft traditional coastal clothing that has passed the test of time - embroidered Bermuda shorts, seersucker shirts, corduroy pants, and more - with our love of the sea, sport, friends, and family in mind.

Geneva Labs

Based in Switzerland, Geneva Lab adds simplicity to sophisticated electronic products. Geneva Lab products are said, by a wide variety of experts (industrial design, fashion, and high tech), to be the best balance of performance, simplicity, style and sustainability.

About Boston Realty Advisors

Founded in 2001 by Jason S. Weissman, Boston Realty Advisors operates a full-service commercial brokerage platform. BRA specializes in corporate tenant representation and selling investment properties throughout New England. The firm's mission is to fill a void in the lack of creative and aggressive marketing within the commercial real estate industry.
