On an island where golf is king, this legendary course is true royalty. Heron Point by Pete Dye and Ocean Course also feature highly regarded course layouts. Like their famed sibling, these courses abound with majestic, centuries-old hardwoods, lagoons and salt water marshes.

## Harbour Town Golf Links

Home to the *RBC Heritage*, this distinguished course places a premium on finesse, imagination and shot making, rather than strength. Put your game to the ultimate test against a collection of par threes, ranked among the world’s finest, and a par-four 18th hole considered one of the most feared in all of golf.

*Total yardage of 7,101 from the Heritage tees, with a slope of 147 and a par of 71. Forecaddies help you improve your game.*

## Heron Point by Pete Dye

After a multimillion-dollar reconstruction project, The Sea Pines Resort introduced this remarkable course in late 2007. Designed by legendary course architect Pete Dye, Heron Point is nothing short of a modern work of art, a noteworthy centerpiece of any Hilton Head Island golf vacation. Fairways have been reshaped into dramatic angles and shifting elevations, while surfaces comprise a mixture of sand, mulch, limestone and different grasses offering a kaleidoscope of appealing color changes.

*Total yardage of 7,058 from the Heritage tees, with a slope of 140 and a par of 72.*

## Ocean Course

As the premier course on Hilton Head Island, Ocean Course epitomizes the true coastal golf experience, and its breathtaking layout poses delightful challenges to novices and veterans, alike. Put your game to the test against a classic design, featuring strategically placed lagoons and bunkers. Certified as friendly for beginners, this esteemed course is also a fabulous experience for scratch golfers.

*Bicyclists, joggers, walkers and rollerbladers share Sea Pines' leisure paths. To ensure that everyone enjoys our paths, here are a few helpful tips:*

- Stay in a single file on the right side of the path.
- Use of the roadway, where a bike path exists, is prohibited by bicyclists, joggers, walkers & rollerbladers.
- Be aware of motor vehicles. They are not required to stop for bicyclists.
- Be considerate of pedestrians and warn them of your approach from at least 50 feet away.
- Safety equipment, such as helmets and horns, is recommended for bicyclists. Helmets and kneepads are recommended for rollerbladers.
- Obey all state and local traffic laws, including the use of hand signals and observance of traffic signs.
- Guests who leave Sea Pines must obtain a pass code posted at the gate exits to gain re-admittance to the paths.
- Please refrain from using the golf cart paths.
- Racing or high-speed operation of bikes or rollerblades is prohibited.
- Night biking is dangerous and not recommended in Sea Pines.
